

Energy Saver Technician/Consultant

Homestead Plumbing, Heating, Cooling, Energy & Water – Hartford, CT

Job Description

6 Qualifications to Be A Part of Our Team:

- Must be personable, good communication skills.
- Be ethical to our customers and fellow employees
- Be organized – Able to follow our proven system.
- Learn your job. Continuously educate yourself
- Always treat the customer with respect and kindness
- Be drug-free

Leads are Quality Leads with Potential Customers READY to Buy!

ALL OUR LEADS are potential customers WHO want to SAVE Money on Heating and Cooling Costs.

Sales, Bonuses, and Commissions are readily available because:

- Our Customers have raised their hands and said they want an energy audit.
- REBATES of thousands of dollars are available for our customers to purchase OUR products at up to an 80% discount in some cases.
- If you follow our PROVEN system, you'll have fun, enjoy the prospects and make MONEY!
- We don't have any problem selling these Customers – our biggest problem is that we don't have enough Technicians to cover **and service** ALL the leads we have.
- As a New Energy Tech/Consultant you will benefit from dozens of qualified leads – Be personable, organized, and pleasant and you will make MONEY!

OUR COMPANY

Homestead Comfort has been in business since 1989 and we are looking forward to a bright future and continued growth.

We mainly service and install residential heating and air conditioning systems throughout much of Connecticut.

Our office is located in Ellington, CT

Our mission is to bring **energy** efficiency and personalized comfort to every individual and every family by providing residential products and services that are both

progressive and worry-free. This mission is guiding us as we strive to make the world a better place.

We believe that every homeowner deserves to be comfortable in their own home.

Job Type: Full-time
